फसलों के बेहतर मूल्य सुनिश्चित करने में सहकारी संस्थाओं एवं किसान उत्पादक संगठनों की भूमिका : संदीप सभरवाल

नई दिल्ली। माननीय वित्त मंत्री ने फसलों के बेहतर मूल्य सुनिश्चित करने में सहकारी संस्थाओं एवं किसान उत्पादक संगठनों की भूमिका को रेखांकित किया है।

10,000 नए किसान उत्पादक संगठन गठित करने के सरकार के फैसले से किसानों को बड़े पैमाने पर किफायतें हासिल करने में मदद मिलेगी।

कृषि-ग्रामीण उद्योगों में कुशल उद्यमी तैयार के लिए आजीविका बिज़नेस इनक्यूबेटर और टेक्नोलॉजी

बिज़नेस इनक्यूबेटर स्थापित करने से ग्रामीण उद्यमिता को प्रोत्साहन मिलेगा। संदीप सभरवाल, सीईओ, सोहन लाल कर्मांडिटी मैनेजमेंट प्रा. लि. ने कहा।

सरकार ने जीरो बजट फार्मिंग पर जोर दिया है जिससे किसानों को स्वावलंबी बनाने में मदद मिलेगी। मुद्रा योजना के अंतर्गत प्रत्येक स्वयं सहायता समूह में हर महिला को एक लाख रुपए तक का ऋण देने का फैसला अधिक से अधिक महिलाओं को आगे आने और ग्रामीण भारत में आर्थिक

प्रक्रिया में भाग लेने में मददगार साबित होगा।

प्रधानमंत्री ग्रामीण सड़क योजना के तहत ग्रामीण इंफ्रास्ट्रक्चर विकास के तहत व्यय बढ़ाने का फैसला एक और सकारात्मक कदम है जो ग्रामीण अर्थव्यवस्था को बल देने में सहायक होगा।

उद्योगों की बात करें तो 400 करोड़ रुपए तक के सालाना टर्नओवर वाली कंपनियों पर पहले कॉर्पोरेट टैक्स 30 प्रतिशत था जिसे घटाकर 25 प्रतिशत कर दिया गया है इससे उन्हें बहुत फायदा होगा।

FM underscores role of cooperatives and farmer producer organisations in ensuring better crop prices : Sandeep

Kolkata, Jul 05 (UNI) Sandeep Sabharwal, CEO, SLCM Group, on Friday said, " The Finance Minister has underscored the role of cooperatives and farmer producer organisations (FPOs) in ensuring better prices of the crop."

"The Government's decision to form 10,000 new Farmer Producer Organisations, will help in ensuring economies of scale for farmers. The promise to set up livelihood business incubators and technology business incubators for producing skilled entrepreneurs in agro-rural industries will give a boost to the rural entrepreneurship."

"Government has emphasized on Zero Budget Farming which will help in making farmers self reliant . The decision to provide one woman in every self-help groups a loan of up to Rs one lakh under the Mudra Yojana Scheme will encourage more and more women to come forward and participate in the economic process in rural India ."

"The decision to increase the expenditure in rural infrastructure development under PMGSY is another positive move which will help in boosting the rural economy. For the Industry, the decision to bring down the corporate tax for companies with annual turnover of up to Rs 400 crore to 25 percent from 30 percent earlier will help them in a big way, " he observed.

Finance Minister has underscored the role of cooperatives and farmer producer organisations (FPOs) in ensuring better prices of the crop, said Sandeep Sabharwal, CEO, SLCM Group.

Finance Minister Nirmala Sitharaman in her budget speech on Friday hoped that 10,000 new Farmer Producer Organisations (FPOs) would be formed in the next five years.

"The Government's decision to form 10,000 new Farmer Producer Organisations, will help in ensuring economies of scale for farmers, Sandeep Sabharwal said.

The promise to set up livelihood business incubators and technology business incubators for producing skilled entrepreneurs in agro-rural industries will give a boost to the rural entrepreneurship," he added.

"Government has emphasized on Zero Budget Farming which will help in making farmers self reliant. The decision to provide one woman in every self-help groups a loan of up to Rs one lakh under the Mudra Yojana Scheme will encourage more and more women to come forward and participate in the economic process in rural India."

"The decision to increase the expenditure in rural infrastructure development under PMGSY is another positive move which will help in boosting the rural economy. For the Industry, the decision to bring down the corporate tax for companies with annual turnover of up to Rs 400 crore to 25 percent from 30 percent earlier will help them in a big way," he observed.

Government lays down road map to make India a US\$ 5 trillion economy

By PSA Desk - July 8, 2019

25

The finance minister of India, Nirmala Sitharaman, recently presented the Union Budget 2019-2020 in Parliament. She chose a red bag to carry a budget report instead of the usual brown briefcase. The budget reflected the government's vision around the growth of the Indian economy to make India a US\$ 5 trillion economy by 2025. It laid emphasis on sectors like farming, dairying, fisheries and more.

Sitharaman stressed on self-sufficiency and export of food grains. She mentioned that "Annadata can also be Urjadata" and assured that the government is committed to invest widely in agriculture infrastructure before announcing that over the next five years, 10,000 new Farmer Producer Organizations (FPO) will be formed.

She mentioned about promoting milk through cooperatives by creating infrastructure for cattle feed manufacturing, milk procurement, processing and marketing. She also addressed the need for a robust fisheries management framework and announced to establish such a framework under Pradhan Mantri Matsya Sampada Yojana (PMMSY) by the Department of Fisheries. This framework will address critical gaps in the value chain, such as traceability, production, post-harvest management and quality control.

Other highlights of the budget included steps to increase investments in MSMEs, start-ups, Make in India and electric mobility; measures to simplify tax compliance; announcements for women of the country; special emphasis on strengthening the start-up ecosystem in India; ease of local sourcing norms for FDI in single brand retail; and an increase in fuel prices.

Sandeep Sabharwal, chief executive officer, SLCM Group said that the finance minister has underscored the role of cooperatives and FPOs in ensuring better prices of the crop. He said, "The government's decision to form 10,000 new farmer producer organizations will help in ensuring economies of scale for farmers. The promise to set up livelihood business incubators and technology business incubators for producing skilled entrepreneurs in agro-rural industries will give a boost to the rural entrepreneurship."

Sabharwal praised the government's decision on Zero Budget Farming, which will help in making farmers self-reliant. He added, "The decision to provide one woman in every self-help group, a loan of up to Rs 1 lac under the Mudra Yojana Scheme will encourage more and more women to come forward and participate in the economic process in rural India. The decision to increase the expenditure in rural infrastructure development under PMGSY is another positive move which will help in boosting the rural economy. For the industry, the decision to bring down the corporate tax for companies with an annual turnover of up to Rs 400 crore to 25% from 30% earlier will help them in a big way."
